

AI acknowledgement coversheet

This coversheet is designed to help you acknowledge any AI use in your assessment. If your course coordinator provides a course-specific template, please use that instead. The AI Student Hub has more information about using AI in assessment.

Your details

Name: Kaike Nehme

Student Number: s4959287

Assessment details

Course: DECO7230 Digital Prototyping and Extended Reality

Assignment: Design Concept Report (Submission 1)

AI use

Select the option that applies:

- ☒ Yes, AI tools have been used to generate or edit material in this document
- ☐ No, AI tools have not been used to generate or edit material in this document

Details of use

Record the following information when acknowledging the use of AI tools:

- AI tool (e.g. Copilot, ChatGPT, Claude, Gemini)
- description of how you used the tool (e.g. edited, corrected, translated, planned, brainstormed)
- prompt(s) used
- relevant part, section, or page of the assessment
- date.

Complete the table below with this information.

Tool	Use	Prompt(s)	Section	Date
Claude Opus 5 (via Claude Code)	Brainstormed and structured the concept, which I then chose between and rewrote	Help me work up an XR redesign of a phone paint visualiser app: what the hero interaction should be, what stays in scope, and what the user tasks are	Sections 1 to 4 (p 1)	7 August 2026
Claude Opus 5 (via Claude Code)	Drafted the testing plan structure from my low-fi session, which I revised	Turn my Week 2 cardboard prototype session into a test plan: what to test, what my assumptions are, and what data to collect	Section 6, assumptions and data tables (p 2)	7 August 2026
Claude Opus 5 (via Claude Code)	Helped me interrogate peer feedback rather than accept it as given	Three peers asked for buttons (light on/off, rotate furniture, VR/MR switch). Push back on each one and work out what they actually wanted	Section 5, Round 2 (p 2)	7 August 2026
Claude Opus 5 (via Claude Code)	Generated a first draft and the print layout, which I edited	Draft the two page Design Concept Report from the concept spec and test plan in this repo, and build the HTML/CSS print layout for it	Entire document	11 August 2026
Claude Opus 5 (via Claude Code)	Checked my draft against the task sheet, and edited my wording	Check the concept report covers everything the task sheet asks for, then tidy up the punctuation and wording	Entire document	13 August 2026
